

GRANDE FINALE SKARA SOMMARLAND 27 JULY 2019

Skara Sommarland and Jet Sport Club Lidköping invites you to GRANDE FINALE SKARA SOMMARLAND AQUACROSS CUP. At Skara Sommarland, a wellknown waterpark resort in the middle of southern Sweden, we race in a small artificial lake. We hope this year's competition will be an equally successful competition as last year's, with as much lovely social interaction and with great opportunities to enjoy the waterpark's all activities!

As in the first round of Skara Sommarland Aquacross Cup in Kumla, we run according to the ROC concept, taken from the car sport's Race Of Champions, which means that drivers meet two and two and drive a circuit course where you switch tracks. The winner in each run goes on in the competition.

Sommarland Cup is now ending after competitions in Kumla and Karlskoga, and then it will be time to hand out really grand cups to the top drivers in all classes!

For each event's final result, points are awarded according to the UIM score scale. Separation at the respective competition takes place according to UIM rules.

310.03 - UIM POINTS

The assignment of the points for every race will be according to following scale :

1 st	25 pts	6 th	15 pts	11 th	10 pts	16 th	5 pts
2 nd	22 pts	7 th	14 pts	12 th	9 pts	17 th	4 pts
3 rd	20 pts	8 th	13 pts	13 th	8 pts	18 th	3 pts
4 th	18 pts	9 th	12 pts	14 th	7 pts	19 th	2 pts
5 th	16 pts	10 th	11 pts	15 th	6 pts	20 th	1 pt

Distinction regarding the final result in the Sommarland Cup is made by placing the driver first who has the most results with 25 points, then distinguishing it with the most 22-point results. Unless this can differentiate the drivers, the final heat counts where both drivers participated.

Prizes Cups are only awarded for final Cup results at the Final at Skara Sommarland 27 July

Competition format International event UIM, meaning that all foreign drivers are welcome!

The track consists of two track loops - a shorter one lying inside the outer longer track loop. Two drivers are flagged off at the same time, one driver first runs the short internal loop, then goes out on the outer longer track, the other driver does the opposite. There is a "switching area" where the drivers switch between the tracks. First driver to the finish line wins!

During time trials /qualifying, you choose which one you want to race against. Each driver receives three time trials. Before the finals, the participants are divided into classes, a list will be created with the fastest driver at the top. First, the two drivers meet at the bottom of the list in best of 3 runs, the winner meets the next driver in the list and then until two drivers remain, these drivers meet in the best of 5 rounds. Other final runs are best determined in three rounds.

In the case of few participants in classes, classes can be merged with separate results reporting.

Location, Skara Sommarland see enclosed map.

NOTE! No motor vehicles are allowed in the waterpark and all transport of aquabikes to the depot inside the waterpark takes place on Friday evening when also technical control will be carried out.
In case of special need, the possibility of entry can also take place on Saturday morning. All entries according to times below.

From the campsite or car park (short distance) aquabikes and equipment are taken to the depot on beach carts. All aquabikes remain in the depot overnight (monitored area / parc farm) and no aquabikes will be able to be transported in / out until the competition is completed and only after the waterpark's regular opening hours = the aquabikes leave the park on Saturday night after the park's closure. NO EXCEPTIONS WILL BE ALLOWED. Tents 3x3 m is set up to be divided by competitors, no own tents are allowed for logistical reasons.

The transport of aquabikes / equipment is done every hour during Friday 18.00 - 20.00. During Saturday, admission will be 07.30, 08.00 and 08.30, after which the waterpark is closed for entry!
