Introduction

We at the UIM, make it a point of honor to raise environmental performance of powerboating and make our sport a vector of environmental protection and sustainable development. We will continue to promote the optimal use of resources and materials, efficient logistics and transport, continued reduction of polluting, discharges to water and emissions to air.

The Environmental Award is the reflection of the values we hold high. For this reason we continue encouraging all our stakeholders to showcase their most original initiatives and their most successful innovations in terms of sustainable eco-friendly technologies. I believe that together, we can take up these challenges. Together, we can ensure a bright future for our Sport.

Dr. Raffaele Chiulli
UIM President

ABOUT THE UNION INTERNATIONALE MOTONAUTIQUE

Established in 1922, the Union Internationale Motonautique (UIM) is the world governing body for all Powerboating activities. It is fully recognized by the International Olympic Committee (IOC) and is a member of the Association of the IOC Recognized International Sports Federations (ARISF) and of SportAccord. The UIM has 64 affiliated National Federations.

The main disciplines of the UIM are :

- Circuit
- Offshore
- Pleasure Navigation
- Aquabike (Jet ski)
- MotoSurf
- Solar & Electric (E1)

Some of the flagship classes of the different disciplines have been licensed to Promoters, such as F1, Offshore Class 1, V2, Aquabike Class Pro, MotoSurf and E1 Series.

The UIM is recognized by the IOC as exclusive authority for world powerboating in all its disciplines. It is the UIM's in-house mission to protect the sport and to shape the future of Powerboating on behalf of its National Member Federations and the competitors. The UIM is responsible for developing a safe, accessible and thriving sport at global scale.

OUR COMMITMENT TO THE ENVIRONMENT

The UIM has identified the importance of controlling environmental impacts and has adopted several specifications over the years to implement actions in keeping with its Environmental Policy.

To stress the meaning of sustainable development, the UIM has signed a Cooperation Agreement with the United Nations Environment Program (UNEP) to further its range of environmental initiatives, share expertise and work together for "greening" the Sport.

UIM, INSTITUTIONAL PARTNER OF THE PLANET SOLAR PROJECT

An agreement that highlights a same vision of a sustainable future of our Planet with solar-powered boats and a willingness to align the common forces to better spread this message throughout the world.

ABOUT THE UIM ENVIRONMENTAL AWARD

For its 13th edition, the UIM Environmental Award allows the environmental leaders, whether individuals or organizations to showcase their most original initiatives and their most successful innovations in term of environmentally friendly technologies. All the candidacies, and not only those of the finalists and prize-winners, embody brilliantly the complete and multi-form face of a nautical industry in perpetual evolution in front of environmental challenges.

1. WHO CAN ENTER

UIM Member Federations, racing teams, boat builders, engine manufacturers, universities, research centers, scientists, Non-Governmental Organizations (NGO's), event organizers, companies and individuals are all eligible for the 2022 UIM Environmental Award.

The Award can be won through positive and proven actions and efforts favoring the protection of the environment which result in a reduction of the environmental footprint in all types of motorboating activities.

2. WHAT IS THE BENEFIT OF THE RECOGNITION

The winners of the 2022 Environmental Award will be announced in an official press release distributed to more than 1500 international media representatives, UIM partners & Sponsors, Promoters, World Champions, National Federations and stakeholders.

Showcase your business and expertise

Guaranteed visibility in front of key decision-makers

3. HOW TO ENTER

Simply complete the Entry Form for the 2022 Environmental Award incl. terms and conditions for application available on the "News" section of the UIM website

www.uim.sport

and return it to the UIM Office by email:

uim@uim.sport

no later than **27th January 2023**
